After the Huddle this morning, I am bumping this email because this case probably needs to be prioritized higher than it would otherwise be as a CO. Not sure it meets hair on fire now but it will if it is not signed and sent out by early to mid August at the latest.

This case was reviewed by [REDACTED] He had tech edits which I have taken care of. The signature package documents are in the Mgmt Review folder.

There is a **sudden time urgency** on this PMN. The submitter is a subsidiary of a larger company. All the business of this subsidiary is going to be transferred to a different subsidiary (of the same parent company) as of September 1<sup>st</sup>. If the CO is signed and NOC'd prior to that, the current submitter can transfer administration of this CO to the other subsidiary. If this does not happen prior to 9/1/20 (preferably at least a week prior) the new subsidiary will have to resubmit the PMN.
